

The Goddard School
Tyrone, Georgia

The Goddard School has been named the #1 childcare Franchise in the United States by Entrepreneur magazine for the eighth consecutive year and one of the Top 200 Franchise Systems by Franchise Times for the second consecutive year. The successful franchise network continues to expand throughout the United States, currently licensing over 320 schools in 37 states. Goddard franchisees share a common entrepreneurial spirit and a commitment to providing the highest quality childcare to their surrounding communities. With dedicated franchisees, they have become the leader in franchised childcare.

Partnering with Four Points Real Estate Development and adhering to strict Goddard Quality Assurance standards, Creative Architectural solutions continues to strive to be a strategic architectural partner of select national Goddard franchises throughout the United States. With a clear understanding of stringent code limitations and unique childcare facility development requirements, CAS has subsequently partnered with several other emerging national childcare providers. Each individual Goddard School building is custom designed to be aesthetically appropriate within its neighborhood and scaled to future business growth expectations. They provide a safe, healthy, and stimulating nursery or classroom environment for children from six weeks to six-years-old.
